

mPerial™

Detergent/Disinfectant

KEYSTONE PRODUCT CODE. FG300C

EPA Reg. No.1839-79-83129

A superb cleaner with disinfecting properties.

mPerial™ is compatible with Aegis Microbe Shield™ Technology and effectively works in unison with the complete family of **KEYSTONE PRODUCTS** to kill germs and to clean and protect surfaces. **FDA compliant and meets AOAC Use-Dilution Test Standards for Hospital Disinfectants.**

A **phosphate free cationic detergent/disinfectant** designed to provide effective cleaning, deodorization, sanitization and disinfection specifically for hospitals, nursing homes, schools, food processing plants, food service establishments, transportation terminals, automotive garages, office buildings, manufacturing facilities, lodging establishments, retail businesses, recreational facilities, sports stadiums, amphitheaters, convention centers, and households where housekeeping is of prime importance in controlling the hazard of cross contamination.

This product is a one step detergent disinfectant and kills germs and is effective against a broad spectrum of bacteria, is virucidal and inhibits the growth of mold and mildew and their odors when used as directed. Exhibits effective virucidal activity against Influenza A2/Japan, Herpes Simplex Type 1, Adenovirus Type 2, Vaccinia virus, HIV-1, Human Coronavirus, Hepatitis B and C, Norovirus, SARS, Avian Influenza A

This product, when used as directed, is formulated for both general cleaning and disinfecting hard, non-porous surfaces including: floors, walls, metal and stainless surfaces, glazed porcelain and ceramic tile, plastics, artificial turf, vinyl, chrome, bathrooms, showers, toilets, kitchens, counters, sinks, cabinets, tables, chairs, desks, dining room surfaces, doorknobs, garbage cans, telephones, hospital beds, traction devices, MRI, CAT, examination tables, scales, paddles, wheelchairs, whirlpools, operating rooms, patient care areas. Specifically formulated for **use on hard, non porous surfaces**. Variable dilution rate provides a **wide range of function ability**.

Proven effective against Norovirus (Norwalk Virus), Methicillin Resistant *Staphylococcus aureus* (MRSA), HIV-1, and Vancomycin intermediate resistant *Staphylococcus aureus* (VISA)
